

SMOOR®

United Diwali

2026

For every home that glows a
little brighter this season

United Diwali

You made it shine.

Some people just light up everything around them. And if you think about it, they did not start there. They got there, through a whole year of quiet effort, small wins, and moments that asked a lot of them. That is what we want to celebrate this Diwali. Not just the shine, but everything it took to get there.

Look closely at this collection and you will see that same story in every detail. A lotus opening into light. Lanterns glowing softly. Birds mid flight, butterflies mid change, everything caught in the middle of becoming something brighter. None of it is decoration. It is the whole journey, lit up.

On our 10th year, We are proud to present our refreshed identity. You will discover a refined logo, richer colours, and thoughtfully crafted packaging elements that reflect the elegance and craftsmanship at the heart of everything we create. While our look has evolved, our commitment remains unchanged—to bring you moments of indulgence, delight, and connection through every SMOOR creation. We are honoured to be a part of your celebrations and look forward to making this festive season even more memorable.

United by flavours. United by light.

Bean to Bar.

We make chocolate the long way. From cocoa bean to finished bar, every step happens in-house - roasting, refining, tempering, shaping. It's a process that takes time, skill, and a lot of attention to detail.

We use only true couverture chocolate, rich in cocoa butter and free from vegetable fats. The result is chocolate that melts cleanly, tastes deeper and honours the beans it comes from.

FOOD TESTING

Testing and Inspection of Raw material and finished products are done at the in-house testing lab as per the defined Quality testing plan for various factors which include physical, chemical and sensory parameters. As per FSSAI requirements, samples of Water and finished products are tested once in every 6 months at NABL approved external lab as per testing plan and results are within the allowable limits.

QUALITY CONTROL & AUDIT MECHANISM

- We have a dedicated Quality control team at Factory level and Outlet level.
- Factory level Quality check happens right from the receiving of Raw material /Packaging material till the dispatch of final products.
- At Outlet level, We have a monthly audit plan and the outlet will be audited against FSSAI Schedule 4 requirements.
- All our outlets are audited by FSSAI approved agency and rated 5star with respect to the FSSAI hygiene rating.

Giving back, beautifully.

At SMOOR, we believe the things we create should bring people together, not just in celebration, but also in the way they are made. That's why we partnered with the **Industree Foundation**, an organisation that empowers women-led artisan communities through sustainable livelihoods, while preserving traditional craftsmanship and supporting practices that are mindful of both people and the planet.

You'll find this partnership reflected in our Sustainable Collection, where handcrafted artisan hampers are crafted using natural fibres and traditional hand woven techniques.
